Specification writers: These values are not intended for use in preparing specifications. Please contact your local **Geocel® Sales Representative** prior to writing specifications on this product.

SURFACE PREPARATION

Ensure surfaces are wet thoroughly with clean water before application.

APPLICATION

Depending on the level of pollution **Geocel® Ecochem Brick & Mortar Cleaner** should be diluted with water as follows:

Light / Medium pollution 1:5 – 1:10

Medium / Heavy 1:1 – 1:5

It is recommended that a plastic bucket is used for diluting **Geocel® Ecochem Brick & Mortar Cleaner**.

Moving from top to bottom, apply with a brush or using low pressure spraying (avoid using a very fine mist).

Leave it to activate for 5 to 10 minutes then scrub with cold clean water until the surface is clean.

It is essential to completely wet porous surfaces before application and rinse them thoroughly afterwards.

DO NOT allow the product to dry in.

Avoid contact with calcareous materials such as marble and travertine.

COVERAGE

Per Litre:

1:1	Approximately 20m ²
1:5	Approximately 50m ²
1:10	Approximately 100m ²

PACKAGING

Geocel® Ecochem Brick & Mortar Cleaner is available in 1 litre containers packed in boxes of 6 and 5 Litre containers packed in boxes of 2.

HEALTH AND SAFETY

Health and Safety data sheets available on request.
